33rd Intl. Working Conference on Requirements Engineering: Foundation for Software Quality

“Aligning RE with AI Velocity: Balancing AI-Speed Coding with Human-centred Requirements”

April 12-15, 2027

FHNW Basel Dreispitz
Basel, Switzerland

Important Dates

5 Nov 2026:
Abstract submissions

12 Nov 2026:
Paper submissions

14 Jan 2027:
Authors notification

4 Feb 2027:
Camera-ready submissions

Features of REFSQ 2027

- A high-quality Scientific Programme
- An Industry Track involving practitioners
- An Education and Training Track involving lecturers, teachers, trainers, and learners
- Journal First Track for discussion of journal papers
- Open Science Track
- Posters & Tool Demos
- Workshops on emerging requirements engineering topics
- A Doctoral Symposium for early-career researchers

Basel, Switzerland, 12th-15th April 2027 REFSQ 33rd Intl. Working Conference on Requirements Engineering: Foundation for Software Quality 2027
